University at Albany Approval Form On-Campus Research/Scholarship Continuity

The University at Albany (UAlbany) Project Leaders, i.e., principal investigators, faculty advisors, and laboratory supervisors, planning to resume or continue research and scholarly activities that require on-campus presence **must provide all information requested in this document** *at least* one week prior to commencing such activities. Any and all tasks that can be performed using online access (for example, data analysis, modeling, computations, manuscript preparation, proposal writing, presentations, and meetings to discuss projects and their management, etc.) should be conducted remotely.

Instructions

Please complete this form and provide all relevant information. Incomplete plans will not be approved and may cause unnecessary delays. On-campus activities may commence only <u>after</u> receiving the final approval from the Division for Research.
